Prevention & Support

Law Enforcement Support

Test Purchasing

The management and coordination of test purchasing can be very challenging, time and resource intensive. The task of maintaining a bank of suitable volunteers, ensuring their protection and welfare, working out-of-hours, delivering a programme of checks on compliance and guaranteeing a follow up educational support visit after each failed test purchase is extensive.

Under Age Sales can help with that by supporting your existing local enforcement officers.

1

OUR APPROACH:

- *Saves you time*
- *Offers a low cost outsourced solution*
- *Identifies premises that need your professional support to become compliant*

Using Under Age sales can give greater flexibility in carrying out regulatory services. Increasing activity can send a clear message to the community that compliance with the legislation, safeguarding children and reducing anti-social behaviour is a priority which is being effectively addressed.

2 INTEGRATION WITH LAW ENFORCEMENT OPERATIONS

A GETTING POLICIES AND PROCEDURES RIGHT...

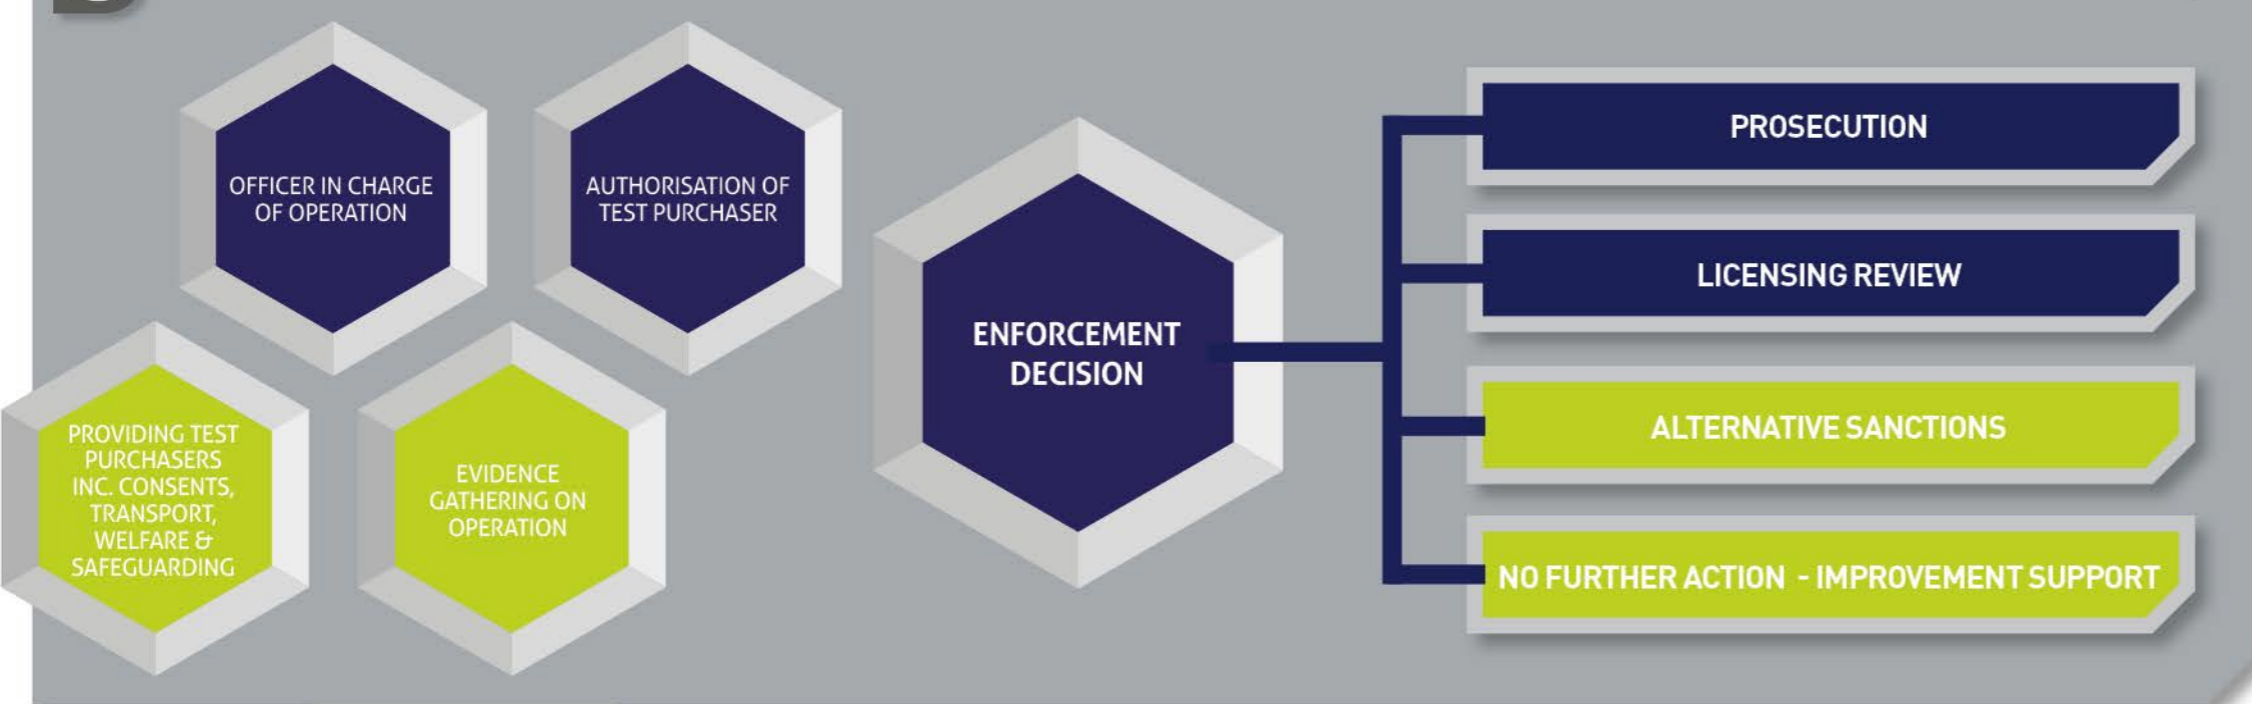

B INTELLIGENCE GATHERING...

! HOW THE ROLES SPLIT:

C RUNNING TEST PURCHASE OPERATIONS...

RELATED INFORMATION AVAILABLE:

● Law Enforcement Support - Alternative Sanctions

We provide a means to take shop workers and bar staff out of the criminal justice system if they fail test purchases by providing a process for training and community resolution.

Take a look at our leaflet for more information.

● Training & Qualifications - For Front Line Staff

● Training & Qualifications - Law Enforcement Officers
